

## Office of Academic Services

The Office of Academic Services (O.A.S.) fosters inclusive excellence through a family of support centers that promote meaningful engagement in learning and equal access to educational opportunities. Services are tailored to address individual or shared needs; and they are offered in a safe, supportive environment where all students are welcome and challenged to realize their full potential.

The Office of Academic Services (O.A.S.) is offering a variety of online programs and resources to support students in their classes this fall.
