****BIO BA Optometry Majors fulfill the Natural Science and Quantitative Reasoning Cores along with the Intensive Writing II Proficiency and the Concentration requirement as indicated.**
Providence College General Degree Requirements: These will be completed during the first three years at Providence College. DWC is equivalent to 4 cr. English. The Writing I and II proficiency is equivalent to at least 2 credits of English. The Providence College core will thus satisfy the NECO admission requirement in English. The first year courses at the New England College of Optometry will be accepted as transfer credits to complete the remaining requirements for the Providence College degree. These must include sufficient credits to meet the 120 credit minimum. Up to three of the first year professional courses will fulfill the remaining B.A. degree requirements in Biology.

Core requirements include a foundational component and satisfaction of all proficiencies.
